## Description

This Leonardo AW109SP is Currently in Operation and available soon. Equipped for Single Pilot IFR with a 4 Axis Autopilot, HTAWS, Full VTOL Cat A. Class one performance for safe operations. Cruise Speed of 156KT with a maximum range of 464nm (4.5Hrs), it is simply the top of the range light twin engine helicopter in the market today. Fully Paid Up to Date Airframe PBH with Leonardo, and Engine ESP with Pratt and Whitney. This helicopter will provide you with the peace of mind in not having to worry about component and engine overhauls. Take over and let the manufacturers take care of the support through the already fully paid and up to date support programs. Configured in an Utility/Hoist Role for Harbour Pilot Shuttles. The Dual Row 6 Passenger Rear Cabin is also included. 1 or 2 Pilots and 7 or 6 passengers. Contact Us for Full Maintenance Status and Equipment List. Is on the Airframe Program and Engine Program

*The descriptions and/or specifications provided are for introductory information only and do not imply any warranties or representations. The Purchaser is responsible for verification of specifications upon inspection. The Helicopter is offered subject to prior sale, lease or withdrawal from the market without prior notice.*
